

Dear Professor Dr. Gerhard Freilinger

On behalf of the Society for Chemical Weapons Victims Support (SCWVS), the Tehran Peace Museum (TPM) and tens of thousands of Iranians who were exposed to chemical weapons during the Iran-Iraq War, we wish to take this opportunity to express our deepest gratitude and appreciation for your efforts in treating the Iranian victims of war, especially the ones who were suffering from the use of chemical weapons against Iran during the Iran - Iraq war (1980-1988).

Your kindness and commitment as the head physician of Vienna's Second Surgical University Clinic in medical care of the Iranian survivors of chemical weapons who were transferred to Vienna in 1986 is well known among the survivors in Iran.

Your efforts are undoubtedly the first step in promoting a culture of peace around the world and a reflective of Tehran Peace Museum's objectives.

We wish you prosperity and good health.

Sincerely;

Dr. M.Reza Sorous

CEO, SCWVS

Board Director, TPM
